REFUNDS

All students complying with the procedures established for withdrawal from the college or from a course are entitled to a refund according to the following scale:

<u>Period of Time</u>	<u>Refundable</u>

During first week (room and Board)	75%
During second week (tuition, room and board)	75%
During third week (tuition, room and board)	50%
During fourth week (tuition, room and board)	25%
After fourth week	0

The date on which the notice of withdrawal is filed with the Registrar's Office is used to calculate the amount of refund of tuition and/or room and board. Refunds will be first credited against a student's financial aid, if any, before a balance accrues to the student. No refunds will be made for fees.

Refunds will not be made in cases of suspension or dismissal.

When outside agencies, grants, scholarships or loans do not cover the withdrawal or change of unit charge, the individual will be responsible for the amount due.

NOTE REGARDING INTERTERM

For full-time students no additional charge is made for Interterm; consequently, no refund will be made to anyone not attending. The tuition charge for the first half of the academic year which is paid in September covers the Fall Term and Interterm. The second half of the tuition charge for the academic year which is paid in February covers the Spring Term. For a full-time student entering the college for the first time after Christmas, payment for the Spring Term includes Interterm. Payment is made at the time of registration. No refund will be made if the student does not attend Interterm.

The same policy applies to room and board charges. Since additional charges are not made, no refunds will be made.

Students who come to the college only for the Interterm and come outside the established exchange process will pay the regular per unit tuition and the board and room fee established for the Interterm.
